

ARREST TWO YANKS WITHOUT CHEVRONS

Two more veterans of the war have been haled into Police Court and arraigned on charges of wearing the uniform of the army without the proper red discharge chevron to show that they are no longer enlisted. Their cases have been continued for trial until Attorney Robert I. Miller, who volunteered to defend them, can gather testimony to show they should be acquitted.

They are George Murray and Samuel Finkle, who were in France with the Thirty-second ("Iron Jaw") Division. An unknown friend deposited \$200 collateral for their appearance in

court. The men were selling parade souvenirs when arrested by Policemen Mansfield and Haycock, of the First precinct.

A letter has been received by Senator George E. Chamberlain, of the Military Affairs Committee, protesting the action of Major W. L. Simpson in connection with the arrest on Tuesday of Isidore Hyman, an honorably discharged soldier, who was wounded in France so that he could not do manual labor and was selling buttons for a living.

FISH SWIM IN STREETS.
MARLBORO, Mass., Sept. 19.—Fish are swimming in the streets of Marlboro. It's a fact, and not a fish story. Because of the heavy rains lately Fall brook overflowed and fishing in Main street is excellent.

PHONE NUMBERS IN WITNESSES.
CHICAGO, Sept. 19.—Judith McDanel visited twenty-six reasons for divorce from her husband. Ten were telephone numbers.

RED CROSS MAPS PEACE PROGRAM

Addressing more than 150 delegates to the Potomac division conference of the American Red Cross in the assembly room at national headquarters, yesterday, Dr. Livingston Ferrand, chairman of the central committee, outlined the future peace program of the great relief organization.

Dr. Ferrand laid stress upon the ravages created by preventable diseases which the Red Cross, he said, could do much to diminish and relieve. He emphasized the fact that the medicine of the future would be preventive rather than curative.

"We always must be an emergency organization whether for war or for disaster," said Dr. Ferrand.

"Flu" Worse Than War.

"The death rate from the last influenza epidemic was greater than the death rate of the world war. There are 200,000 deaths a year from tuberculosis, which is a preventable disease. Think of the enormous losses among children due to ignorance. These are reasons enough for continuing the Red Cross in the United States."

The delegates were welcomed by David H. Brown, acting manager of the Potomac division, who informed them in a brief address of greeting of the object of the conference which will close today.

F. C. Munroe, general manager of the Red Cross, and Ivan R. Drechsler, campaign manager of the third Red Cross roll call, were the other speakers at the opening session.

Tell of Chapter Surveys.
Yesterday afternoon Mrs. O. I. Woodley, chairman of the division committee on chapter activities, and Mrs. I. W. Little, acting chairman of the District Chapter, gave interesting talks on the "Significance of Chapter Survey," and "Red Cross Peace Time Activities of the Chapters."

Mrs. Little, at the conclusion of the day's program, entertained the visiting members at tea at the District Chapter House, at 16 Jackson place.

FATHER BEATS SON IN RACE TO WED

ATLANTIC CITY, N. J., Sept. 19.—Theodore Laterna, sr., and Theodore Laterna, jr., boardwalk merchants, ran a race to the altar, each with his bride. Father won the race by getting acquainted with the minister first.

"Son, your dad isn't so slow," was the greeting when the junior Laterna and his bride arrived an hour later.

VIOLA DANA, pretty star of the movies, snapped in an unusual pose during a recent baseball game in New York in which many screen stars took part. She had just caught a hot one with her ungloved hand.

DEATH OF WOMAN FOUND ACCIDENTAL

A certificate of accidental death was issued yesterday by Coroner Nevitt in the case of Mrs. Virginia Braddish, who was killed Wednesday night when the automobile in which she was riding struck an electric light pole at Forty-first street and Western avenue.

According to Coroner Nevitt, death was due to a fractured skull. Mrs. Braddish was visiting her cousin, Martha Braddish, 1817 Twenty-second street. She came here from her home in New York a few days ago.

Edward Kolb, seventy years old, 1227 Sixth street northwest, was knocked down by a car of the Washington Railway and Electric Company while crossing the tracks on F street yesterday. He suffered bruises on the head and body and was taken to the Emergency Hospital.

An automobile, said by the police to have been operated by C. H. Barnes, 1144 Fifteenth street northwest, collided with an auto truck owned by the District Street Cleaning Department, near Ninth and Pennsylvania avenue northwest, this morning.

Misses Helen and Marguerite Hayre, 329 Ninth street southeast, Isaac Quinn, and Irwin C. Griffith, soldiers stationed at Camp Meade, occupants of the machine were slightly injured.

\$532 AND COP WHO KILLED BOY MISSING

An all-night search conducted by Headquarters Detective E. W. Thompson failed to reveal the whereabouts of Henry A. Starr, formerly police sergeant at the First precinct awaiting trial on a charge of manslaughter, who disappeared yesterday afternoon with \$532 entrusted to him by Martin Schwartz, manager of the Liggett drug store branch at 418 Seventh street northwest.

Starr, according to the police, on July 8 last shot and killed Leroy McLeod, eighteen years old, of 515 V street northeast, as the boy was riding down Pennsylvania avenue near Thirteenth street.

The machine occupied by young McLeod failed to stop at Starr's command, and the latter discharged his revolver at it, the bullet lodging in the back of McLeod's head.

Following the shooting, Starr was suspended from the force. He obtained employment at the Liggett drug store branch. Yesterday he was sent to Riggs bank with a deposit, and when he failed to return several hours later the police were notified.

FIVE KILLED WHEN TRAIN HITS AUTO

RIVERSIDE, N. J., Sept. 19.—Five persons were killed when the automobile in which they were riding was struck and wrecked by a Pennsylvania train at Taylor's Lane, a short distance west of this town, yesterday.

The dead: Mrs. Laura Davis, of East Lebanon; Mrs. Laura Webb, daughter of Mrs. Davis; Mrs. Gertrude Tuter, Camden; and two men supposed to be Thomas J. Neary and Winfield Collier, of Philadelphia.

The driver of the machine attempted to cross the tracks in spite of the warning of the gateman at the crossing.

NO PROFITTING HERE.
LONDON, Sept. 19.—"Profiteering" laughed Horsham councilors when it was announced that the municipal waterworks had made a net profit of 3 cents on the half year.

BEER FLAGS IN LONDON.
LONDON, Sept. 19.—Summoned for causing an obstruction, a West London publican stated that he notified his customers when beer was available by displaying a flag. Many "dry" journeys were thus saved.

URGES ALL BAPTIST PASTORS TO STRIKE

NEW YORK, Sept. 19.—A nationwide strike of Baptist clergymen, unless they are granted higher salaries, was advocated in a statement issued here by Charles A. McAlpine, a member of the national committee of Northern Baptist laymen.

"If I were still a pastor and my salary was not more than \$200 per annum, which is the amount received by the average clergyman in our de-

nomination, I'd organize a union of ministers," said Mr. McAlpine, who predicted there would be a shortage of clergymen soon unless ministers are better compensated than "millmen, window cleaners, and day laborers."

BREWERY SOLD TO CANDY CO.
BOSTON, Sept. 19.—The brewery of the Southern Brewing Company has just passed into the hands of the Miller Candy Company. An interesting feature of the transfer was \$200,000 in Liberty bonds, which the seller accepted at face value.

It is in your best interest to put your Liberty Bond interest in W. S. S.

WEARS TROUSERS FOR HEALTH.
NEW YORK, Sept. 19.—To be healthy a woman must wear trousers, said Miss Fanny Harley, registered at an exclusive hotel here. Demonstrating, she strolled down Fifth avenue in a pair of white flannels.

OPPOSES GIVING WAR DEPT. AUTOS
Congressman Little Says Everybody Under Baker Wants To Ride.

Miles of automobiles may be seen any day parked in the vicinity of the War Department waiting to carry officers to and from dinner, yet that department is asking more funds for motor propelled, passenger-carrying vehicles, Congressman Little declared on the floor of the House yesterday.

"What business has anybody in the War Department to have a machine, anyway?" asked Mr. Little.

"When this appropriation (the appropriation for automobiles) was originally made, the War Department figured how many automobiles they should have, but it appears somebody was overlooked."

Congressman Pay Fare.
"I n the old appropriation bills of this House years ago, there were appropriations for horses and vehicles for Congressmen. There are none now."

"If you need to go to the War Department on the business of your constituents you have to pay your fare. This appropriation gives \$1,000 for care fare for the War Department. And why on earth do they want that one other motor-propelled vehicle?"

"A Congressman is liable to be run down now almost any day by a fellow with shoulder straps who should be in his office at work. I am sick and tired of this business. There is a principle involved here, and it is time for you to put your foot down."

"Gentlemen, be true to your oratory," urged Mr. Little. "This money has got to be paid by the taxpayers. Here is a mighty easy place to stop. If you will now notify them that they must descend to earth again, must walk or ride on street cars, you will begin to get the idea into the heads of the War Department that money costs money."

47,000 Idle Autos.
Congressman Reavis told the House that the War Department has, within an hour's ride of Washington, automobiles worth \$175,000,000. There are 47,000 of them, he said, thousands of which have stood in the weather, since last September, uncovered and unprotected.

"It seems to me, Mr. Reavis told the House 'that if the War Department has a surplus of 47,000 cars, many of which have never been taken from the crates, thousands of which have been standing in the open for nearly eleven months, it is a good deal of effort for it to come in here and ask this Congress to appropriate money to enable them to buy more.'"

Don't Put Off Furniture Purchases Until Winter Is Here--- BUY NOW, DURING OUR SEPTEMBER SALE, AND SAVE AT LEAST 30 PER CENT
